

Pumps

Item no.12225

Item no.12227

PT750/PT750FLO 7.5kW

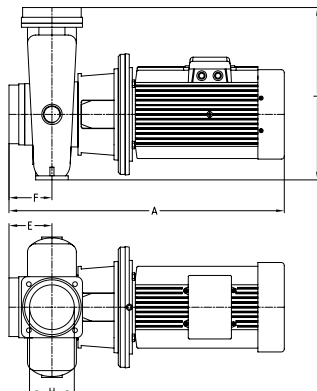

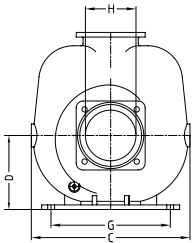

Pool pumps of bronze run quiet and are stable. The pump impeller is also made of bronze and it is fitted to a shaft made of acid proof stainless steel. Pool pump 7.5kW is available in two versions; with or without pre-filter. Pumps without pre-filters for various purposes where the only requirement is distributing water. Suitable for i.e. spas, circulation, solar heating, fountains and waterfalls.

The pool pump with pre-filter is equipped with a strainer basket which makes it easy to remove dirt such as leaves.

Features

- Pump housing and pump impeller made of bronze
- Pump shaft made of acid proof stainless steel
- High-quality motors
- Pre-filter made of bronze with filter basket
- Equipped with drain plug
- Two different versions. With or without pre-filter
- Third-party tested and certified

Without pre-filter
